

The Three Men in a Room

are now

Three Men in a Court-Room!

December 3rd Albany

Many people talk about doing something to cut taxes in New York. Fifty brave New Yorkers actually did something about it. **They hired a lawyer and sued the entire political establishment in the state—the governor, the comptroller and the state legislature—to end corporate welfare.** *Bordeleau v. State of New York*, Albany Co. Index No. 6582-08. Each year, the state hands out over a billion dollars of your tax money to wealthy corporations for “economic development.” Not only has this failed to help the economy but it is illegal under the plain language of the State Constitution:

“The money of the state shall not be given or loaned to or in aid of any private corporation or association, or private undertaking.” Article VII, § 8. 1.

The political elite hired **five big law firms** to oppose us and they argued that the constitution doesn't mean what it says. As Jonathan Swift wrote, "there was a society of men among us, bred up from their youth in the art of proving, by words multiplied for the purpose, that white is black, and black is white, according as they are paid."

On **December 3rd**, in Albany, a state judge will rule on the defendants' motion to dismiss. **A people's rally in support of the lawsuit will be held on the capitol steps at noon.** We will then attend the court argument at 1:30 p.m. across the street at 16 Eagle St. **Please join us.** Please support your fellow citizens who are fighting for you.

Lawsuits are expensive and you can be sure that the defendants will spend over \$100,000 on legal fees and expenses. To help defray the costs of this lawsuit, we are holding a fundraiser on **November 25th from 7-9 pm at Brennan's Bowery Bar & Restaurant**, 4401 Transit Rd. (at Main), in Clarence, NY; \$25 (beer and pizza).

The success of this lawsuit could save the taxpayers tens of billions of dollars in the coming years and pave the way for the outright **repeal of the oppressive New York gas tax** of 32.4 cents per gallon that eats away at your family budget every day.
